

Dyflex[®] Ultra

Dyflex[®] Ultra is a high performance seamless knitted glove with outstanding cut resistance and dexterity. The liner, made with Dyneema[®] Diamond Technology, provides the maximum level of cut resistance without the use of abrasive materials resulting in an exceptionally comfortable glove for this level of protection. The highly resilient polyurethane palm coating offers outstanding abrasion and tear resistance making it extremely durable, and boasts an excellent level of grip in both wet and dry conditions. Designed to be close fitting, it is anatomically shaped and allows for great freedom of movement with minimal hand fatigue. The elasticated knit wrist provides additional protection to the wrist area and ensures that the hands stay free of dust and dirt.

Typically used for:

- Component Handling
- Glass Handling
- Electronics
- Engineering Work
- Metal Fabrication
- Sheet Metal Manufacture

Case Quantity:

12 pairs per polybag
48 pairs per case
