

Firmadot™

Firmadot™ is a PVC dot coated knitted glove. The knitted shell of the Firmadot™ provides a close and flexible fit, and is seamless making it extremely comfortable and preventing irritation during long periods of wear. The PVC dots over the entire hand not only provide an exceptional grip but also allow for it to be worn on either hand, extending the life of the glove. The grip and handling ability of the Firmadot™ makes a considerable difference in productivity, significantly increasing safety for the user. Offering a good fit these gloves are the smart choice, delivering the best overall performance in handling, packing, and light assembly applications at an economical price.

Typically used for:

- Warehouse Work
- Retail Stock Replenishment
