## User Information

Glove care: To get the best service from your gloves ensure that after use all contaminant is removed.

Storage: store in dry conditions away from direct sunlight and heat.

You are advised to retain this packaging for reference.

Note: should not be worn where there is a risk of entanglement with moving machinery.

Warning: Not Intended for immersion in cryogenic fluids

Warning: Gloves provide protection against the chilling effects of contact with objects that have been immersed in cryogenic liquids. Continuous contact with low temperature objects will lead to a lowering of hand temperature over time.
