

Matrix® Green PU

Matrix® Green PU is a seamless knitted cut resistant liner with a polyurethane palm coating offering outstanding mechanical protection. This high performance glove attains maximum EN388 scores in all categories yet is extremely lightweight and flexible. The breathable close fitting seamless knitted liner is made from an engineered yarn which contains glass fibre giving the glove its highly protective properties while preserving comfort and sensitivity. The elasticated knit wrist provides a secure fit and keeps the hands free from dust and debris. The incredibly resilient polyurethane palm coating is flexible and hard-wearing, and has excellent gripping ability performing well in both wet and dry environments. In summary, Matrix® Green PU is extremely durable and delivers exceptional performance, reliability and good value for money.

Typically used for:

- Component Handling
- Glass Handling
- General Assembly
- Electronics
- Engineering Work
- Metal Fabrication
- Sheet Steel Manufacture

Case Quantity:

12 pairs per polybag
48 pairs per case
