

## Matrix® Household

Matrix® Household from Polyco is a lightweight flock lined natural rubber glove. Highly flexible and dextrous, it is anatomically shaped and tapered at the wrist for a more comfortable and ergonomic fit. Handling ability is greatly enhanced by the slip resistant pattern on the palm and fingers increasing the level of grip in both wet and dry conditions. The soft flock lining helps to absorb perspiration keeping hands feeling cool and dry for longer, and the rolled cuff provides extra strength and prevents liquid roll back. The Matrix® Household has been tested in accordance with EN1186 making it suitable for food contact and a viable alternative to a disposable.

### Typically used for:

- Cleaning & Janitorial
- Kitchen Work
