

Matrix[®] Red L

Matrix[®] Red L is a seamless knitted polycotton liner with a crinkle latex palm coating offering excellent grip and good all round protection in general handling situations. The crinkle latex palm coating ensures safe handling in both wet and dry environments, and is very durable, offering outstanding tear resistance. The elasticity of natural latex means that it is extremely flexible; combine this with the soft seamless polycotton liner and elasticated knit wrist, and you have a very comfortable glove with minimal hand fatigue in extended use.

Typically used for:

- Engineering Work
- Construction
- Transportation
- Refuse Collection
- Automotive Manufacturing
- Shipping & Receiving
- Scaffolding

Case Quantity:

10 pairs per polybag
120 pairs per case
