

Metallica™

Metallica™ is a seamless ultra cut resistant glove that offers an exceptional level of comfort. Made from a unique yarn and knitting construction, Metallica™ delivers ultimate cut resistance. Its flexible construction makes it an ideal replacement for heavy, inflexible chainmail gloves in many applications. It is seamless, affording excellent levels of comfort and can be worn on either hand extending the life of the glove and reducing costs. Metallica™ comes with a pair of Thermit™ gloves for use as an insulating liner and for when additional comfort is required in prolonged use.

Typically used for:

- Industrial Blade Replacement
- Police & Defence Work
- Foam Cutting
- Cloth Cutting
- Butchery & Food Processing
- Glass Handling

Case Quantity:

1 glove with Thermit® liner
