

Nitron[®]

Nitron[®] is a heavy duty nitrile coated glove with jersey liner, offering an extremely good grip and excellent protection when handling rough objects. It has a soft jersey liner making it extremely comfortable, and is anatomically shaped reducing hand fatigue and enabling extended wear. Offering excellent resistance to abrasion, and good resistance to cuts and snags, the full nitrile coating also has excellent dry grip and is highly resistant to grease and oil. Nitron[®] is available with a knitted wrist or a safety cuff when additional protection to the wrist is required.

Typically used for:

- Rough Castings, Fettling
- Building Materials - Brick, Timber & Concrete Block
- Refuse Collecting
- Cable & Couplings
- Heavy Gauge Sheet Metal
