

Tigmaster[™]

Tigmaster[™] is a welding gauntlet fully compliant with European standard EN12477 for Type B welding and EN407 for thermal hazards. Consisting of sheepskin and heavy duty leather, the Tigmaster[™] has been specifically designed for Type B welding (Tig welding) and light mechanical handling. The glove area is made of high quality sheepskin that is extremely soft and comfortable. This is complimented with a heavy duty leather cuff, providing extra protection to the forearm.

Typically used for:

- Light Duty Thermal Applications
- Light Duty Welding Applications
- Automotive Manufacturing

Case Quantity:

1 pair per polybag
100 pairs per case

Size	Code	Length
