

## Daytona P<sup>™</sup>

Daytona P<sup>™</sup> is a high grade pigskin leather glove with a soft fleece lining. For many years the classic leather driver's glove has been the staple in workers' hand protection armoury. Polyco's Daytona P<sup>™</sup> has remained a constant best seller, and for good reason. Providing good abrasion, tear and puncture resistance it is made from a high grade pigskin leather which is extremely soft and flexible, and offers incredibly good value for money. The glove is well-fitting and is elasticated at the wrist ensuring that it stays securely in place, and it extends over the wrist area to provide additional protection for the user. The soft fleecy lining keeps the hands comfortable at all times. So for excellent quality, outstanding comfort and incredible value for money, choose Daytona P<sup>™</sup>.
