

Grip It[®] MAX

Grip It[®] MAX from Polyco uses the latest injection moulding technology with TPE (thermoplastic elastomer) to provide an unrivalled and best-in-class grip. Designed and manufactured in the UK using a high precision manufacturing process, it offers consistent product quality with superior wearability and comfort. The ergonomic design with underslung thumb matches the natural position of the hand at rest to allow for ease of movement, and the tapered fingers ensure that dexterous tasks can be performed with ease. The three-quarter TPE coating which has been reinforced in critical areas, offers exceptional abrasion resistance delivering maximum protection; it has a unique and specially designed tread pattern on the palm and fingertips which contributes to its exceptional gripping ability.

Typically used for:

- Transport & Logistics
- Warehouse & Distribution
- Scaffolding
- Ground Works
- Roofing
- Engineering
- Manufacturing

Case Quantity:

10 pairs per polybag
40 pairs per case

Size	Code
Medium	GIM/01
Large	GIM/03
X/Large	GIM/05
