

## Matrix® GH378

Matrix® GH378 is a seamless knitted high cut resistant liner with a crinkle latex palm coating. Matrix® GH378 attains maximum EN388 scores for cut, tear and puncture resistance offering the user an excellent level of protection. The crinkle latex palm coating is incredibly resilient and flexible, and adapts to the hand's movements making it extremely tactile. It is anatomically shaped reducing hand fatigue and has a good grip especially in wet environments. The close fitting seamless liner is breathable and offers great dexterity, it extends to form an elasticated knit wrist, which ensures a secure fit and keeps the hands free from dust and debris. The Matrix® GH378 has a high degree of functionality with optimum wearer comfort, making it suitable for use in many applications.
