

## Polyflex<sup>®</sup> Grip

The Polyflex<sup>®</sup> Grip is a seamless nylon liner with a foamed nitrile dot palm coating, providing excellent grip and abrasion resistance. Designed to be tight fitting, the breathable, seamless knitted liner with elasticated knit wrist provides outstanding dexterity. This, combined with the foamed nitrile dot palm coating, makes the Polyflex<sup>®</sup> Grip ideal for those tactile tasks that require the highest level of handling ability in wet or light oil conditions. This is achieved by the foamed nitrile which channels liquids away from the glove surface. The PVC dots on the palm further enhance the grip and provide increased abrasion resistance. With this high degree of handling ability and optimum wearer comfort, the Polyflex<sup>®</sup> Grip is the perfect choice of glove for moderately wet and oily environments.

### Typically used for:

- Component Handling
- Electronics • Light Engineering Work
- Scaffolding • Tiling
- Automotive Maintenance & Repair

### Case Quantity:

12 pairs per polybag  
120 pairs per case

Size	Code	Length
7	8007GR	22.5cm
8	8008GR	23.5cm
9	8009GR	25cm
10	8010GR	25.5cm
11	8011GR	26cm
