

## Touchstone Grip™

Touchstone Grip™ is a mediumweight knitted Kevlar® glove with PVC dots for extra grip. Kevlar® has an inherent strength and offers high cut resistance to weight ratio, delivering exceptional performance. Protecting against cuts, slashes and abrasion, the Touchstone Grip™ is seamless, soft and extremely comfortable, which allows for prolonged use without causing irritation. The close fitting design also makes it extremely dextrous. With PVC dots applied to the entire hand, it provides excellent gripping ability to ensure safe and secure handling at all times, and is ambidextrous increasing the life of the glove.

### Typically used for:

- Steel Handling
